Learn to Trade at Home

Distance Education is the most convenient way to learn. Whether you prefer Internet training, CD-Rom or Correspondence Lessons, this “do it in your own time-frame” approach makes a lot of sense.

Sunny J. Harris, author of *Trading 101-How to Trade Like a Pro* and *Trading 102-Getting Down to Business*, host of *The Money Mentor* (<http://www.moneymentor.com>), and publisher of *Traders' Catalog & Resource Guide*, personally instructs you.

This 20-lesson course was designed by Sunny, based on her acclaimed *Trading 101 Seminars*, and leads you through the step-by-step process of becoming a trader.

Each lesson builds upon the previous, taking you thorough the elements you will need to understand all the math and technical analysis necessary to begin trading. With each lesson you will spend time on the telephone with Sunny Harris, reviewing your problem areas, and preparing for the next lesson.

The normal consulting fee of \$695 per hour is waived for all time spent with Sunny on the phone relating to this course. At only \$2,995 for 20 weeks of custom-designed study, the value is tremendous!

Our Distance Education Includes:

- 20-week custom-designed study schedule for individual study
- 20 complete chapters with a battery of unique drills and quizzes
- Online Study Lessons

Correspondence Course

Ask the Expert

Sunny Harris is a TradeStation Solution Provider and an EasyLanguage expert. Sunny has been trading developing trading systems since 1981. Her best-selling books, *Trading 101-How to Trade Like a Pro*, *Trading 102-Getting Down to Business*, and *Getting Started in Trading* address trading system design and implementation.

Sunny just released *TradeStation Made Easy!* and is currently under contract to John Wiley & Sons to write two more trading books: *Grading the Gurus*, and *Trading Systems Exposed!*

Sunny has been programming for more than 30 years. As a systems programmer at Lockheed in the 70s and subsequently one of the founders of ISSCO (originators of Harvard Graphics), she is well-qualified to assist you in your learning process. In addition to trading and system development, Sunny maintains a breadth of knowledge and exposure by beta testing software for TradeStation, MultiCharts, Microsoft, Equis MetaStock, NextTrend, Professional Trade Advisor, Quote.com and others.

If you are interested in a systematic approach to trading, there's no better resource for education than Sunny Harris Enterprises, Inc.

"Sunny is one of the most studious and diligent people I know and gives generously in teaching others what she has learned through the school of hard knocks. Successful traders have one thing in common: they approach trading by developing an objective strategy and then use it consistently." -Bill Cruz
